      1. DAS: Last Monday the OER was disapproved because we did not agree. Last year we approved because we agreed with the good direction, but this year not much was changed, so we voted against. The message should be clear. The one of last year does count now, so nothing changes compared to last year. There will also be a big TOM evaluation.  
SU: What is the time period of changing the OER?  
DAS: within an hour they will start, so there is a clear path, but we should take care to make sure everything will be done.  
Ureka: In June the FR will be informed.
      2. Ureka: We want it to be possible to keep more sub results within the curriculum.

- ii. Ureka will be there during the 11-beer tour at the 24<sup>th</sup> of May to hand out ice cream, so buy your ticket.

b. To-do list

**Who What**

OSb	Translate "bestuursreglement" to English → WIP
OSb	Finish "alcohol covenant" → will be discussed at point 5
OSb	Know more about IVA courses → will be discussed At A.O.B.
OSb	Fix minutes February → WIP, will be send next week.
Xadya (OSb)	Create document membership fee → Not done yet.
Sirius	Mail about the board minor → At this moment, the people who are doing the board minor will receive their points. For next year, the board minor will not be held because the board minor is offered as a minor and must comply with some requirements and the UT committee gave a negative advise. There is no one at the moment who is able to make the minor work for next year, so no board minor next year. However, you can propose your own initiative in order to get some EC maybe during your board year at Martin. Ureka: Be careful if you do extra EC within your board year with FOBOS, there are some personal circumstances arrangements available for it, please take this into account.

#### 5. Alcohol permit (informative)

Duncan: Will be discussed during the meeting as well, in theory the chairs.

## Contribution Fee (20180503)

The membership fee, as mentioned in this document, is the amount of money the members of the associations, that are affiliated with the Organisation of Study associations, pay to be a member of the study association. In order to keep the barrier approximately the same for all students to become a member of any association, these amounts and periods are agreed upon during the OS GMA. As of now the following agreements were made.

- A primary member pays between €8.50 and €10 per year to be a member of their association.
- A secondary member pays between €4.25 and €5 per year to be a member of their association.
- A lifelong membership can be offered for three times the primary membership fee, since that is the nominal study period, thus being between €25.50 and €30.

Associations can choose to offer different time periods and these should comply with the abovementioned prices. For example, half a year for a primary member can be offered for a price between €4.25 and €5.

Any additions to this piece can be requested and discussed during the monthly general member meeting of OS.
