

Dear OS and Study Associations,

For the year of 2019, Dimensie has not applied in time for the activism grants for committees in category 1, 2 and 3. Via this letter, we would want to ask the GMA for approval to still apply for these grants. As an explanation: the chairman of Dimensie had assumed that the association does not qualify for the grants with its committees, and has neglected to further look into the guidelines and possibilities of the activism grants. When reviewing the guidelines, Dimensie believes it *would* qualify to apply for the activism grants for two committees. Therefore we would like to ask the GMA, whether we could still apply for these grants. If we would get the opportunity, we would want to apply for the activism grants for the committees for the Career Week and the Symposium in 2019.

Category 2

Symposium, on the 12th of November

Planning: opening lecture (10.00-11.00), round 2 (11.00-12.00), lunch (12.00-12.45), round 3 (13.00-14.00), round 4 (14.00-15.00) - the rounds would consist of both lectures and workshops. We expect 120 people to attend and the symposium would have an open access (with different prices for members/students/teachers etc.).
