Provisional distribution Activism grants 2022 ABC committee

The ABC has received all applications for FOBOS grants from the boards of the study associations. The committee has evaluated the applications according to the OS FOBOS Model (OSFM) and has worked on approving as many applications as possible. This succeeded in many cases but not in all. Some applications have been rejected because boards have failed to provide the necessary information or the application was not in line with the OSFM or FOBOS rules in general. The OS Board will use the division in this document for the negotiations with other umbrellas, in line with the procedure laid out in the OSFM. Note that this means this division is not final yet.

The ABC noticed that different associations requested very different amount of hours for the same activities. To make sure the division is made as fairly as possible, the ABC decided that a workweek for a committee can not be any longer than 40 hours. When going on a trip, the hours that are put in by the committee and that weren't made by the participants are the hours that may be requested. This means that during the weeks when on trip a committee member can make at most 25 hours per week. This is calculated as follows: " During the weekend we count 5 hours per committee member per day and on every workday we count 3 days per committee member per day."

A continuous committee can not be active for more than 48 weeks. The abc has taken this into account when calculating the final hours.

The hours of the study tours will be added later.

Although most requested have been included in the provisional distribution, the ABC has also declined some requests. An overview of these rejections and the reasons for rejection can be found in Table 6. For questions about these rejections or this document in general, please contact the ABC (abc@os.utwente.nl).

Boards

The larger associations received board grants under a separate category within FOBOS. For the smaller associations, grants are requested under E&I.

Must

In line with the corona regulations that were already in place for grants of calendar year 2021, some exceptions are also in place for 2022. This means several activities that had already been requested for 2021 but were postponed were requested again for 2022.

Boards Extra

For every month a full-time board has more than five board members, they are eligible for one extra grant. Some associations have only had six or more board members for a part of the year, so they only receive extra grants for those months. Part-time boards only receive 7 grants for a full year, which has been taken into account in calculating their extra board grants.
