

The membership fee, as mentioned in this document, is the amount of money the members of the associations affiliated with the Organisation of Study associations pay to be a member of the study association. In order to keep the barrier approximately the same for all students to become a member of any association, these amounts and periods are agreed upon during the OS GMA. These agreements work as a guideline for associations to set a membership fee. During the GMA on February 26th, 2025, the following agreements were made.

- A primary member pays between €8.50 and €15 per year to be a member of their association.
- A secondary member pays between €4.25 and €7.50 per year to be a member of their association.
- A lifelong membership can be offered for three times the primary membership fee, since that is the nominal study period, thus being between €25.50 and €45.

Associations can choose to offer different time periods and these should comply with the prices mentioned above. For example, half a year for a primary member can be offered for a price between €4.25 and €7.50.

Any additions or alterations to this piece can be requested and discussed during the monthly General Member Assembly of OS.
