

The submitted evidence has been evaluated by the ABC committee to determine the maximum amount of grants that an activity can receive.

During the Umbrella meeting of November 29th (the morning before this GMA), the amount of grants from FOBOS “extra and incidental grants” for OS will be determined. At this moment, the expected amount is 326. The value of a single grant has changed for this academic year. Last year, one grant represented the amount of one month of Dutch study grant. Since the study grants do no longer exist, it was determined to make one grant equal to 1/12 of the tuition fee. This results in a value of about €172 per grant for Dutch students (€285,20 per grant in 2017/2018).

This old and new value is represented in the tables, where the new projected grants amounts to about 1,6 more than the old amount. The model will be changed accordingly as well, which will be discussed at another discussion point. An overview of the changed grants can be seen in this table:

Activity	Old grants	New grants
Large study tour	18	29
Medium study tour	15	24
Small study tour	12	19
Symposium	5	8
Europe trip	5	8
Small Europe trip	3	4
Business course	3-5	4-8
Other (category 4)	1-2	1-2

The AC has proposed a division that is slightly different than the model. Instead of fully granting category 1 first, slightly more is granted to category 2, as the AC recons the symposia to be very important for associations as well.

Category 3

One activity of Communiqué, one of ConcepT, one of Daedalus and both of Newton did not take place and therefore cannot receive grants.

The Europe trip of Atlantis was changed to a Small Europe trip and the International Business Course of Inter-Actief was set at a maximum of 3.
